

PRODUCT SPECIFICATION

92012 OSLO (Ground Socket)

This ground socket is the perfect companion to the Landmark range of bollards. Supplied with or without lids, in a selection of materials and sizes they can be customised to your exact requirements.

Using these sockets means that posts can be easily removed for maintenance, mowing or even filming. The option of a lid means that there is no trip hazard when empty.

PRODUCT FEATURES

- Available in 3 standard sizes (custom sizes available)
- Choice of 2 materials
- With or without lids

INSTALLATION GUIDELINES *(These are guidelines only, and do not replace advice from qualified professionals)*

- Root-fix: 300x300x450mm excavation per post, approx. 350mm in the ground, backfilled to below plate with standard postcrete, trowelled away for water runoff.
